

***Any type of repair  
service on-demand***

***Reconfigure and  
replace all types of  
pallet racking***

## **Upkeep - Now Off Your List**

Retailers know all too well that a single negative in-store experience could endanger their brand and a customer's loyalty. That is why a partnership with J&J is so important. The J&J team understands the role that store maintenance plays, even before the first customer walks through your door. The J&J team has decades of experience and success when it comes to your store and your fixture maintenance. Carpentry, tile & flooring, interior & exterior painting, concrete & masonry are just a few of the dozens of services we provide to keep your store and your equipment performing as expected.

Let our staff partner with your team to create and implement a store maintenance program that will allow your team to concentrate on what you do best, serving your customers!
